

Summer Opportunity in Landscape Architecture

An expanding Athens, Ohio real estate company has available a summer landscape architecture opportunity. The summer landscape architecture associate will be involved with some or all of the following landscape design projects:

Assisted Living Community

Multi-family community

Community garden projects

Early Learning Playground development

20-acre woodland City Park

Large wilderness preserve

The summer associate will be expected to be involved and/or lead the conceptualization, design, and implementation of comprehensive landscape architecture projects. Design features may include water features, walking paths and bridges as well as overall coordination of signage, pedestrian and vehicle traffic, etc. The summer associate will work with a team of real estate professionals and have the opportunity to impact highly visible community resources. Extraordinary opportunity to develop portfolio accomplishments of high visibility projects in the community.

Skills/Qualifications:

- All majors welcome; Landscape architecture majors preferred (undg. or grad.)
- Interest in community and small scale park development
- Strong graphic design skills a plus
- Experience, ability and willingness to build out the design
- Ability to work with wide cross-section of customers and the public
- Strong work ethic
- Ability to work independently with significant organizational responsibility

Strong placement support following summer. Opportunity to begin projects remotely during spring semester if interested. Capstone interns have gone on to impressive jobs and positions following graduation, and often cite Capstone as an important step in their career advancement. Position located in Athens, OH. Housing can be provided. Possibility of full-time position following graduation. Visit www.capstonecompany.com to learn more.

Applications will be accepted until position is filled. Send cover letter, resume, and portfolio to:
